2017 Investment Outlook January 2017 Executive Summary 2016 was better than expected, and 2017 is poised to be another moderate year in our view. The surprising results of the US election last year were enough for us to quickly adjust portfolios and change our tone for 2017 and 2018.

2017 Investment Outlook - Morgan Stanley

Investors can expect new momentum in the U.S. and a stronger recovery in emerging markets, but should stay nimble amid a plethora of policy and political uncertainties. The global economy, listless these past few years, looks ready to rise, stretch and get a move on again. This new momentum could push global economic growth to 3.4% in 2017, compared with an estimated 3% annualized growth rate for 2016, according to Morgan Stanley
