Preferences: An Introduction and a Short Bibliography

When it comes to learning, we all have preferences that are influenced by the ways in which we think - our personalities, our backgrounds and our culture. For example, some students may prefer participating in group practical tasks or projects rather than reading long research articles and writing long essays on their own.

Learning Preferences - WikiEducator

The introduction for a short story should always be juicy... It should give the reader enough incentive to go on. Oftentimes, the reader asks herself "What is in it for me?" It is your job, as the writer, to answer that question. Whether or not she will proceed with reading your story depends on how well you answer that question.

How to Write Juicy Short-Story Introductions ...
