With the recent announcement that BT are aiming to turn off the conventional PSTN (copper) phone service by 2025, I got to thinking about the potential upside to broadband speeds. For those of us in small communities with no sign of Ultrafast Broadband on the horizon I wondered what the implication of no longer requiring a copper phone line ...

BT 2025 PSTN Switch Off - BT Community

BT is to close down the 'traditional' PSTN service by the end of 2025. No more land lines. Well who knew?! Moreover, how are vulnerable/old people without broadband going to be dealt with? Answers on the back of a postcard please (well, I have found no useful information anywhere on t'internet, yet, to advise!).

PSTN Shutting Down in 2025 - BT Community

BT will provide you with any of the following options that are selected by you as set out in any applicable Order ("Service Options") and in accordance with the details set out in that Order and as set out in Section 1 of the BT Price List: 3.1 Access Line 3.1.1 PSTN: (a) BT Business Value; (b) BT Business Standard; or

BT Business Services Telephone Service

What is the PSTN and ISDN Switch Off? The Public Switch Telephone Network (PSTN) is aging and will reach the end of life in December 2025. The PSTN supports a number of Openreach products which Communication Providers (CPs) purchase at regulated pricing and often sell to businesses and consumers, wrapped up in their own line rental, broadband and call package deal.

National telecoms provider BT has announced they will shut off their ISDN and PSTN services. The move brings to an end the use of analogue phone lines and moves communications technology into an entirely online space. BT will no longer offer businesses the ability to acquire ISDN and PSTN after 2020, with the total switch off occurring in 2025.

BT 2025 Switch Off | How Will It Impact You and Your Business

Hard selling in the telecoms industry is rampant at the moment and a lot of this appears to be being driven by BT and BT Local Business themselves. Several of my customers have received communications from BT telling them that ISDN and traditional analogue lines are imminently going to be switched off, they even compare this to the analogue and ...
