5 steps to saying what you mean and meaning what you say. The solution when you actually care to communicate clearly with someone else is: Think of what you meant to say - what is the point you ultimately want your listener to leave with? Watch your mood, your mental state, and how they may color your speech.

Say what you mean - 5 steps to great communication

Communication skills are abilities you use when giving and receiving different kinds of information. Some examples include communicating ideas, feelings or what's happening around you. Communication skills involve listening, speaking, observing and empathizing.

Communication Skills: Definitions and Examples | Indeed.com

Effective communication is about more than just exchanging information. It's about understanding the emotion and intentions behind the information. As well as being able to clearly convey a message, you need to also listen in a way that gains the full meaning of what's being said and makes the other person feel heard and understood.

Think about it this way, a simple phrase like "what do you mean" can be said in many different ways and each different way would end up "communicating" something else entirely. Scream it at the other person, and the perception would be anger. Whisper this in someone's ear and others may take it as if you were plotting something.
