### Scale Model Basics: Acrylic vs Enamel Paint - Model Space Blog

Rustoleum is known for being an excellent rust-preventive paint. Although available in spray cans, when spraying large surfaces, it is more cost effective to purchase larger sizes, such as quarts or gallons, and spray the paint using an HVLP spray gun. These larger containers do not contain sprayable Rustoleum. In ...

### How to Shoot Rustoleum With HVLP | It Still Runs

Developed in the 1920s, alkyd-based enamel paints were once one of the most important types of surface coating. Owing to their incorporation of volatile organic solvents and to their low durability on exterior surfaces, they have yielded preeminence to newer polymer systems (particularly water-based latex paints).
