No Stop City Archizoom Associati

The project, aptly titled No-Stop City, is a theoretical vision of an urban utopia - urban globalization where all architecture disappears and is replaced by a repetitive pattern of neutral hubs. It is an ideal of a world where there are no distinctions, no religion, and no non-uniformity.

No-Stop City - Archizoom Associati - Section Cut

In 1969, the Archizoom group, while carrying out an experimental work in the field of design, also undertook a research project on environment, mass culture and the city, which led to the project No-Stop City'. For the very first time, the whole of this founding project of 1970s radical architecture is presented together in this publication.

No-Stop City: Archizoom Associati: Andrea Branzi ...

No-Stop City is a radical analysis of the architecture project and of design, offering a model for an immaterial city without quality, a city dedicated only to the continuous flow of information, technical networks, markets and services; where architecture disappears in a pure "urban semiosphere", free of all symbolic value.

No-Stop City | Archizoom Associati | Collection Frac Centre

Among these groups were UFO, Superstudio—famous for its "Continuous Monument," a world-covering architectural grid—and Archizoom Associati, best known for "No-stop City." Though perhaps not the best known of these groups, Archizoom is arguably the most influential.

Retrospective: Archizoom And No-Stop City - Architizer Journal

No-Stop City is a critical Utopia, a model of achizoom urbanization where design is the essential conceptual instrument used in the mutation of living patterns and territories. When it comes to the ideology of Silicon Valley, they want to remove all contradiction and complexity with a yes or a no 0 or 1. The Museum of Modern Art,p.
