Change pressure in a Devilbiss DV54D | CPAPtalk.com

SmartCode is an alpha-numeric code that is shown on the display of the IntellIPAP. Much like a bar code, the character and sequence of the characters contain vital CPAP usage data in an encrypted form. Once the code is decrypted using our on-line SmartCode Report Generator, usage data - and depending on the device, efficacy data - is presented in an easy-to-read and understand report.
