Most new entrepreneurs should concentrate on managing themselves and mobilizing their resources rather than trying to deal with the complexity of employment-related issues. At the same time, the principle of this book is that the 'blue-print', or template, established in the immediate pre-and post-start-up phase will have significant implications for the future of the business (Baron et al. 1999).

Resourcing the start-up business : creating dynamic ...

There are five resources you need upfront to start a business that has staying power. Business knowledge is one of course, but the other four are equally as important. To turn a startup venture into a successful business, you must be equipped to follow through as well as gain business-related knowledge and skills.

5 Resources You Need to Start a Business

Fund your startup yourself.
Bootstrapping your business might take longer, but the good part is that you control your own destiny (and equity).
Pitch your needs to friends and family.

Startup | Inc.com

One-time expenses are the initial costs needed to start the business. Buying major equipment, hiring a logo designer, and paying for permits, licenses, and fees are generally considered to be one-time expenses. You can typically deduct one-time expenses for tax purposes, which can save you money on the amount of taxes you'll owe.

Calculate your startup costs

Small Business Administration (SBA): District offices in all 50 states provide resources, training and specialists to help start and grow businesses, plus hundreds of online resources for small business owners and employees.

BUSINESS START-UP

You may choose an initial business structure, and then reevaluate and change your structure as your business grows and needs change. Depending on the complexity of your business, it may be worth investing in a consultation from an attorney or CPA to ensure you are making the right structure choice for your business.
