Social justice is the view that everyone deserves equal rights and opportunities —this includes the

right to good health. Yet today, there are inequities in health that are avoidable, unnecessary and unjust. These inequities are the result of policies and practices that create an unequal distribution of money, power and resources among communities based on race, class, gender, place and other factors.

Social Justice and Health

Social justice issues can be delineated into two categories, which are interrelated and often co-dependent: Inter-Social Treatment and Unequal Government Regulation. Inter-Social Treatment involves treatment of certain groups of people based on personally-held biases and prejudices.
