The Mind in the Cave. Consciousness and the Origins of Art, David Lewis-Williams. A book review by Gyrus / Posted 24 May 2008. I went through an intense period of obsession with prehistoric rock art when I lived in Leeds and began exploring the nearby moors. The abstract engravings that pepper the landscape there, dominated by "cup-and-ring ...

**Review of The Mind in the Cave: Consciousness and the ...**  
"The Mind in the Cave puts forward the most convincing explanation yet proposed for the origins of image-making and art. The Neanderthals, our nearest ancient relatives, lived alongside our Cro-Magnon ancestors for over 10,000 years, borrowing stone tool technology but never developing art - how could this be?
